Saddle Creek Community Services District Regular Meeting of December 15, 2015

AGENDA SUPPORTING DATA

- 8. NEW BUSINESS
- a. Adoption of a Resolution approving the 2016 Budget.

Background

The California Government Code requires that a community services district may adopt a preliminary budget annually before July 1, or every two years; with a final budget being adopted on or before September 1 of each year. The fact that the Saddle Creek CSD uses a calendar year does pose some timing challenges with regard to compliance with these and some other Government Code requirements, but budgeting on a calendar year is likely not prohibited by law. Our District has used a budgeting procedure of preliminary review of a draft budget in October and November of each year, with a final draft budget presented to the Board for final approval in December; to be effective January 1 of the following year.

The attached final draft budget contains the purchase of a new tractor used by District staff on a very frequent basis. The current tractor has failed beyond reasonable repair. The tractor is being purchased at a cost of \$72,200 with a zero interest, five-year lease-to-own financing. The total annual monthly payments of \$14,400 is shown in the final draft operating expenses. This tractor will be capitalized as a District fixed asset.

During the Board meeting of November 17, 2015, the Board reviewed the 2016 preliminary draft budget, and directed staff to make minor amendments including:

- 1. Budget Format:
 - a. Budget separately for Road and Mosquito Control services, and also consider a separate budget for the operation of the entrance gate, or
 - b. Since we have a single source of revenue, maintain the same budget format, and produce a regular management budget report separately identifying the expenses of Mosquito, Roads and entrance gate services
- 2. Budget items and amounts:
 - a. Include \$15,000 to contract with a qualified firm to prepare an updated Pavement Condition Assessment to supplement the Road Report currently being prepared by management. The Road Report will evaluate the cost and options for current and future road maintenance, repair and upgrades, options and costs for various entrance gate operating scenarios, as well as funding and financing options to ensure that capital is available when the road work is necessary. The Pavement Assessment will validate current condition and estimate maintenance and repair costs.

- b. Include a budget item to contract with a qualified landscape design firm to evaluate and recommend options for renovation for some of the existing common area landscaping lost due to drought water restrictions, and a permanent conversion to a more drought tolerant landscape type. This report needs to provide detailed enough plans and specifications that the District may qualify for grant funds under Proposition 1, if available for drought tolerant landscape and associated irrigation system renovations. A preliminary **budget of \$12,000** is proposed and the Board will have two additional opportunities to consider proceeding with the project in 1) approval of the Request for Proposals from landscape design firms, and 2) consideration of contract award to the successful proposer.
- c. Include funding to contract with a municipal finance firm to prepare a recommendation on the most viable fee, special tax and/or benefit assessment options to fund necessary road improvements, the increasing cost of mosquito control services, and increased entrance gate operating costs if additional gates or added staffing options are chosen by the Board. This initial consultation will be **budgeted at \$7,300**.

Funding for the study projects detailed above is available by allocating the estimated fiscal year ending revenue over expenses in the amount of \$31,127 as shown in the attached final draft budget. Once again, with the excellent fiscal oversight of the Board and management provided by the District's excellent staff, we are presenting a balanced budget containing a solid operating budget and forward thinking study and preliminary assessment projects.

RESOLUTION ___, 2015

A RESOLUTION OF THE BOARD OF DIRECTORS OF THE SADDLE CREEK COMMUNITY SERVICES DISTRICT APPROVING AND ADOPTING THE DISTRICT'S FISCAL YEAR 2016 OPERATING BUDGET

WHEREAS, the Saddle Creek Community Services District (District) Board of Directors reviews and accepts a monthly treasurer's report that includes statements of cash flows, account and investment balances, and budget to actual reports; and

WHEREAS, the District discussed the goals and objectives of the 2016 Budget preparation during its regular, public Board meeting on October 13, 2015; and

WHEREAS, the District publically considered a first draft of the 2016 budget during its regular meeting held November 17, 2015; and

WHEREAS, the Notice of Public Hearing regarding budget adoption was duly published in the local newspaper; and

WHEREAS, the final draft 2016 budget reflecting the input and direction of the Board is included herein for consideration.

NOW, THEREFORE, BE IT RESOLVED that the Board of Directors of the District does hereby approve and adopt the 2016 Fiscal Year Budget as presented.

BE IT FURTHER RESOLVED that the District General Manager or his/her designee is hereby authorized to expend the funds contained within the 2016 Budget in accordance with financial policies adopted by the Board.

Saddle Creek Community Services District Regular Meeting of December 15, 2015

AGENDA SUPPORTING DATA

5. DISCUSSION AND ACTION ITEMS:

a. Approval of appointment of replacement board members pursuant to the California Elections Code and District Notice of Board Vacancy dated November 19, 2015.

Background

The Board voted in November 2015 to appoint replacement directors. Staff posted the required Notice of Vacancy, and two Board candidates submitted applications for appointment consideration; attached. Staff has performed research among our peers to determine a Board interview and appointment process that is efficient and effective. The process for appointment is best handled as follows:

- a. Plan to keep the questions to a minimum and entire process under 20 minutes per candidate.
- b. The Board President prepares a slate of candidate questions that are distributed to the Board members at the meeting.
- c. Each candidate is asked the same series of questions. The candidate being interviewed remains in the Boardroom, while the other candidates are asked to step outside during the interview of the other candidates, returning after they have been interviewed. Note: we cannot require the candidate to leave the room, as this is not provided in the Brown Act; we can only ask.
- d. After all candidates have been interviewed, the Board President asks each Board member if they have any additional questions for the candidates. These questions can be specific to one candidate, but the other candidates should also be given the opportunity to address the question asked.
- e. After all interviews and all Board member questions are asked, the Board President calls for nominations from the Board. Each Board member can nominate the candidate they desire, and nominations do not require a second.
- f. After all nominations are received, the President calls for a vote on each candidate. The first candidate receiving a majority vote is selected.

In our case with two candidates, when nominations are made, the President should call for the vote first for the candidate receiving the most nominations, if one exists. If the nominations are tied, the President decides which candidate to introduce first for a vote.

Re: Vacant Director Position

Dear Board Members:

Please accept this letter and attendant resume as my application for one of the vacant Board positions.

I have been on the Board since it's inception in 2001. My term ended this year because of the change in the election process. I was last elected in 2011. I desire to serve out the term until the next election in 2016.

I have seen all the progress that the Board has made. I have been through all the turmoil and change. I would like to continue to assist in the growth of the community.

Thank You,

Charles M. Robinson 172 Hawkridge Road Copperopolis,CA 95228

Saddle Creek Community Services District Board of Directors 1000 Saddle Creek Drive Copperopolis, CA 95228

Dear Board Members,

Please consider this as my letter of interest regarding the appointment of a resident to fill a recent board vacancy. I will also attach a current resume to this email as well as deliver the originals as requested.

My interest in your board began with my application for consideration in the hiring of your General Manager last year. I also ran for election to your board last fall and finished just 10 votes shy of earning a seat. I have continued to follow board activities as well as activities affecting the community in which you serve.

My qualifications consist of experience as an elected member of City Council, City of Foster City; as well as serving a term as Mayor of that city of approximately 30,000. During this time, I chaired several important committees including the one responsible for design and building a new library. During this process, it was critical to take public input at every progressive step as well as work with members of City Council, City Staff and architects.

During my tenure on Council, I was elected Chairman of the Council of Cities, San Mateo County. This organization consisted of all locally elected officials throughout the 20 cities within the county. The organization was created to develop a unified voice to Sacramento on issues affecting our communities. Consensus building among a diverse membership was critical to my success in this position. During this period I was also elected Commodore of Coyote Point Yacht Club, and served as scheduling referee for AYSO soccer.

In addition to my civic experience, I would bring to the board 40 years of business experience ranging from the corporate world as a Regional Vice President, McKesson Corp, and CEO, Sakura of America and later successfully operating my own small business for the last 20 of those years.

During the past three years of living in Saddle Creek we have begun to see some changes. As the community grows and ages, I envision growing challenges to the board. I feel my diverse background and experience may provide beneficial insight. I would therefore welcome the opportunity to interview for consideration to fill the board vacancy.

Unfortunately, I will be out of the country visiting Mexico during the time scheduled for interviews. We leave Saturday, December 13th returning sometime Tuesday, December the 22nd. I therefore ask if I may be allowed to interview at another time convenient for the Board. If this is not possible, I understand and will continue to maintain my interest in seeking a position on your board at a later date.

Sincerely,

Owen Bramlett
